Q- Answer the following questions

1- Why do we say that early humans were hunters and gatherers?

Ans- We say that early humans were hunters and gatherers because they got food by hunting and by gathering fruit and nuts.

2- Write two ways in which early humans used stone tools.

Ans- Early humans used stone tools to

- a) dig out root vegetables and
- b) to protect themselves from wild animals and hunt large animals.

3- How did fire help early humans?

Ans- Fire gave humans light and warmth, it protected them from wild animals and helped them cook food.

Q- Name the following

- 1) Two things with which early humans made tools- **wood, stones .**
- 2) Two things used by early humans to make needles and fish hook- **bones and animal horns.**
- 3) Early humans used animal skin to- **cover their bodies and huts.**
