4. False
5. True

C) Choose the correct option

1. a and b
2. both a and b
3. Recycle Bin
4. Address bar
5. All of these

Descriptive answers pg 90

- 1 The screen on which you see icons is called Desktop.
- 2 Omit (leave this as lengthy and only practical purpose)
- 3 Libraries are special type of folders that store all your content of one type in a single folder. Documents, Music, Pictures and Videos are four types of Libraries.

- 4 In the left pane of the Windows Explorer Screen, right click the folder or drive in which a new folder is to be created. Click the New >Folder.
- 5 To delete the content of the Recycle bin, right click on the recycle bin and then on empty recycle bin or open recycle bin by double clicking and then on empty recycle bin.
