

**St .Joseph’s College - Nainital**

**Class Two-(Week 2-April) H.W Assignment**

**English Literature -Chapter Two**

**Like a Bird**

More than hundred years ago in a place called Kitty Hawk, North Carolina in United States of America, lived two brothers called Wilbur and Orville Wright. They were the first to make a glider which is a light Aircraft without an engine. The first aircraft that they made flew for twelve seconds. Then later on after two years they built another new flyer with a better design. It flew for thirty-nine minutes, until it ran out of fuel. Over the years people have used the Wright brothers’ model to make better models of aeroplanes. These have helped people to travel and move things to far off places.

**Q1.** Who flew the first aircraft?

**Ans:** The first aircraft was flown by the two brothers Wilbur and Orville Wright.

**Q2.**For how long did the first aircraft fly?

**Ans:** The first aircraft flew for twelve seconds.

**Q3.**What did the Wright brothers do after their first flight?

**Ans:** After their first flight the Wright brothers returned home to make a better design.

**Q4** What was different in the second model of the Wright brothers’ flyer?

**Ans:** The second model had an engine and propellers .It flew for thirty –nine minutes.

**Q5.**How has the Wright brothers’ model helped people?

**Ans:** The Wright brothers’ model has helped the people to travel and move things to far off places in less time.

**Learn the spellings:** Wright, Wilbur, Orville, glider, petrol, propellers, flyer, tossed, pedal, design.
